Width:

16.840 inches

Thickness:

0.875 inches

Length:

17.600 inches

Special Features:

Item is an assembly consisting of 1 plate p/n 685717-3, 2 pins p/n 685717-5, 0.875 in. Nom dia, cres steel bar and rod 17-4ph cond a per ams 5643; 3 bushings p/n es8370-03, 6 inserts p/n ms51830-202, 1 insert p/n ms51830-106l, 1 marker p/n es9504-11, 1 instruction plate p/n 681835-5

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Surface Treatment:

Chromate

Shape:

Rectangular

Surface Treatment Specification:

Mil-c-5541, cl 1a military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0

Mil-std (military Standard):

Mil-c-5541 spec.
