Overall Length:

3.2900 inches

Overall Height:

1.0000 inches

Overall Width:

0.8800 inches

Special Features:

There are two helical coil insert, screw locking.

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-200/8 federal specification single material response

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-c-5541, cl 1a military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0

Mil-std (military Standard):

Mil-c-5541 spec.
