Width:

15.690 inches

Edge Shape:

Rectangle, no holes

Length:

20.120 inches

Corner Radius:

1.000 inches

End Application:

Ac-130u aircraft

Special Features:

Access panel, 25mm autoloader

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/12 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531c0
