Overall Length:

1.400 inches

End Application:

F-16 acft

Special Features:

2 slots, 0.350 x 0.140 in.; circular bend one side (246 degrees) r .18 inside radius

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Surface Treatment:

Oxide film

Surface Treatment Specification:

Mil-c-5541, class 1a (f-21, mthd 01) military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0

Mil-std (military Standard):

Mil-c-5541 spec.
