**Overall Length:**

1.400 inches

**End Application:**

F-16 acft

**Special Features:**

2 slots, 0.350 x 0.140 in.; circular bend one side (246 degrees) r .18 inside radius

**Material:**

Aluminum alloy 6061

**Material Specification:**

Qq-a-250/11 federal specification single material response

**Surface Treatment:**

Oxide film

**Surface Treatment Specification:**

Mil-c-5541, class 1a (f-21, mthd 01) military specification single treatment response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A042a0

**Mil-std (military Standard):**

Mil-c-5541 spec.
