Overall Length:
1.400 inches
End Application:
F-16 acft
Special Features:
2 slots, 0.350 x 0.140 in.; circular bend one side (246 degrees) r .18 inside radius
Material:
Aluminum alloy 6061
Material Specification:
Qq-a-250/11 federal specification single material response
Surface Treatment:
Oxide film
Surface Treatment Specification:
Mil-c-5541, class 1a (f-21, mthd 01) military specification single treatment response
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A042a0
Mil-std (military Standard):
Mil-c-5541 spec.
