Width:

0.369 inches

Thickness:

0.230 inches

Length:

5.020 inches

Special Features:

Two plain holes; three slots; six thdd holes; right side/display

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-200/8, t-6 federal specification 1st material response

Surface Treatment:

Chromate

Shape:

Rectangular

Surface Treatment Specification:

Mil-c-5541, cl 1a military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0

Mil-std (military Standard):

Mil-c-5541 spec.
