Width:

Between 0.9730 inches and 1.0310 inches

Action Type:

Gravity

Operating Mechanism Location:

One side

Special Features:

There is another material for this item it is astm-a-572, grade 50, type 2 hot rolled steel plate

Height:

1.063 inches

Material:

Iron cast

Material Specification:

Sae-j-434 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10600
