Hole Diameter:

Between 9.0 millimeters and 9.4 millimeters

Width:

75.0 millimeters

Overall Height:

37.6 millimeters

Material Thickness:

3.0 millimeters

Length:

165.8 millimeters

Hole Quantity:

2

Mounting Method:

Unthreaded hole

Loop Radius:

13.8 millimeters

Distance From Loop Center To End:

103.0 millimeters

Smallest Width:

35.0 millimeters

Color:

Black

Material:

Steel

Material Specification:

Astm a570 grade 33 assn standard single material response

Surface Treatment:

Phosphate iron

Style Designator:

Tee w/ holes

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03100
