Overall Diameter:

Between 2.136 inches and 2.142 inches

End Application:

Blu-109 bomb

Drive Type:

Raised rib

Design Type:

Threaded

Features Provided:

Beveled seat

Product Name:

Requested name - plug, shipping, arming well

Special Features:

Requested name - plug, shipping, arming well

Material:

Plastic

Material Specification:

Cage 59319, valox 310 seou mfr ref single material response or cage 90614, celanese 2012 mfr ref single material response

Supplementary Features:

Material source control drawing 8463247, cage 18894 and 98747; thread series: unified form spl-ext 2-12

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A539I0
