Width:

0.0800 inches

Thickness:

0.0100 inches

Length:

0.4700 inches

Special Features:

The item is made from copper, alloy 110 cold rolled temper half hard per astm-b-152

Material:

Copper

Surface Treatment:

Tin

Shape:

Rectangular

Surface Treatment Specification:

Mil-t-10727, type 1 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0

Mil-std (military Standard):

Mil-t-10727 spec.
