Overall Length:

7.500 inches

Overall Height:

0.491 inches

Mounting Hole Quantity:

2

End Application:

An/alq-18 (v) ecm system

Special Features:

Submitted item name was support bracket. Alternate construction; aluminum alloy 6061-t651 per qq-a-250/11, machined to applicable dimensions on westinghouse drawing 636r655

Surface Treatment Specification:

Mil-c-5541, class3 military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A042a0

Mil-std (military Standard):

Mil-c-5541 spec.
