Width:

6.188 inches

Thickness:

0.125 inches

Length:

7.810 inches

Features Provided:

Aperture

Material:

Aluminum alloy 5052

Material Specification:

Aa-q-250/8 federal specification single material response

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0
