Chamfer Length:

0.015 inches all ends

Overall Length:

36.000 inches

Chamfer Angle:

45.0 degrees all ends

Overall Diameter:

0.062 inches

Product Name:

Pin, hinge

Special Features:

Chamfer angle in degrees: 45.0; o/a length: 35.985 in. Min. And 36.015 in. Max.; diameter: 0.062 in. Min. And 0.063 in. Max.; material: steel qq-w-423 form 1 comp fs302 or fs304 or fs316 cond b; surface treatment: cadmium qq-p-416 ty2, cl2

Material:

Steel comp 302 and steel comp 304 and steel comp 316

Material Specification:

Qq-w-423 form i, cond b federal specification single material response

Surface Treatment:

Cadmium

Surface Treatment Specification:

Qq-p-416, type ii, class 2 federal specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03100
