Overall Length:

9.7200 inches

Overall Width:

0.6560 inches

Material Thickness:

Between 0.1150 inches and 0.1350 inches

Mounting Hole Diameter:

Between 0.3120 inches and 0.3160 inches

Special Features:

The item is left side

Material:

Steel comp 302

Material Specification:

Qq-s-763 federal specification single material response

Surface Treatment:

Passivate

Surface Treatment Specification:

Mil-f-14072, e300 military specification single treatment response

Style Designator:

Double

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0

Mil-std (military Standard):

Mil-f-14072 spec.
