Mounting Hole Type:

Plain

End Application:

Hercules c130j

First Leg Style:

Square

Second Leg Relationship To First Leg:

Identical

Product Name:

Bracket, switch, light wheel well fs 627.0

Special Features:

Between two holes with 0.220 inch and 0.226 inch diameters

Material:

Aluminum

Material Specification:

Qq-a-250/5, t42 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A042a0
