**Width:**

Between 3.240 inches and 3.260 inches

**End Application:**

Lgm30g

**Mounting Method:**

Unthreaded hole

**Section Length:**

Between 19.970 inches and 20.030 inches

**Product Name:**

Slide, chassis

**Special Features:**

Intermediate and stationary sections supplied in pairs for right and left side, used with p/n cb1641-99-0024, nsn 5340-01-377-7214 to make complete assembly, includes locking feature

**Style Designator:**

2 - piece

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A03100
