Diameter:

Between 0.736 inches and 0.740 inches

Length:

Between 0.819 inches and 0.829 inches

Special Features:

Requested name - plunger; item has a hollow, square center, 0.380/0.386 in. Ea side; one hole through side, 0.187/0.192 in. Dia; reference t.O. 1111-2-24-2 fig 2 ind 17.5

Material:

Steel, ams 5643

Material:

Steel comp 630

Surface Treatment:

Passivated, qq-p-35

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T378-a
