Width:

0.380 inches

Thickness:

0.063 inches

Length:

6.550 inches

Mounting Hole Diameter:

0.109 inches all holes

Mounting Hole Quantity:

4

Mounting Hole Type:

Unthreaded

Mounting Configuration:

Holes start 0.180 from end and are 1.863, 4.325, 6.188 from first hole

Product Name:

Orig dwg name "backing plate - rear" pacer dawn

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Surface Treatment:

Chromate

Shape:

Rectangular

Surface Treatment Specification:

Mil-c-5541, cl 1a military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0

Mil-std (military Standard):

Mil-c-5541 spec.
