Width:

1.130 inches

Thickness:

0.125 inches

Length:

2.970 inches

Mounting Hole Diameter:

0.203 inches all holes

Mounting Hole Quantity:

2

Aperture Diameter:

Between 0.870 inches and 0.900 inches

End Application:

Helicopter, model ch124/sh3d

Features Provided:

Aperture

Aperture Shape:

Round

Material:

Steel comp 630

Material Specification:

Ams 5355 assn standard single material response

Shape:

Special

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0
