Material Thickness:

10.4 millimeters

Mounting Hole Quantity:

4

Body Width:

52.0 millimeters

Reversible Feature:

Not included

Material And Location:

Steel, federal standard 66, comp 302 spring

Special Features:

Operating temp. Minus 40 decc to 80 decc; dentented open angle 85 deg

Style Designator:

Butt, single action, non-adjustable enclosed spring

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A25100
