Cross Sectional Shape:

Flat

Length:

9.4400 inches

Body Thickness:

0.0800 inches

Securing Device Type:

Special

Material:

Aluminum alloy

Material Specification:

Qq-a-250/11 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531c0
