Width:

1.7200 inches

Thickness:

0.5600 inches

Length:

2.0000 inches

Cushioning Material:

Rubber, synthetic

Support Method:

Frame

Support Material:

Steel

Special Features:

The item is rubber is made to astm-d-2000 and the steel frame is made to astm-a-569 or astm-a-366

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T141-e
