Overall Length:

1.0800 inches

Overall Height:

0.04100 inches

Overall Width:

0.7500 inches

Mounting Hole Diameter:

Between 0.1030 inches and 0.1080 inches

Mounting Hole Quantity:

2

Special Features:

The item is surface treated with solder per mil-f-14072, finish .221 and there is a hole with a dia. 0563 plus or minus 0.002; located 0.3750 from side to center of hole and 0.5400 from end to center of hole

Material:

Copper alloy 172

Material Specification:

Astm-b-194 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0
