Width:

8.0000 inches

Thickness:

0.2500 inches

Length:

12.2500 inches

Mounting Hole Diameter:

0.7790 inches all holes and 0.7880 inches all holes

Mounting Hole Quantity:

4

Mounting Hole Type:

Unthreaded

Special Features:

The item is also made to 304l or 316l per astm-a-167, astm-a-240 or astm-a-276; the item has a finished 5.5.1 of mil-std-171

Material:

Steel comp 303se or steel comp 316

Material Specification:

Qq-s-763, class 303se federal specification 1st material response or qq-s-763, class 316 federal specification 2nd material response

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0

Mil-std (military Standard):

Mil-std-171 spec.
