Hole Diameter:

Between 0.2790 inches and 0.2870 inches

Length:

23.8120 inches

Body Thickness:

1.0000 inches

Securing Device Type:

Special

Mounting Opening Shape Style:

Unthreaded hole

Material:

Steel or steel uns k11918

Material Specification:

Astm-a-514 assn standard single material response or mil-a-12560 military specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A531c0

Mil-std (military Standard):

Mil-a-12560 spec.
