Cross Sectional Shape:

Square or rectangular recess

Corner Radius:

0.1 millimeters

Body Thickness:

3.000 inches

Securing Device Type:

Threaded fastener

End Application:

Tank abrams m1a1 unique

Product Name:

Guard

Special Features:

Material nylon, with 2 mounting holes 0.312 wall thickness .12 length 5.81 x 3.31 high

Material:

Plastic nylon

Material Specification:

Astm d4066 assn standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531c0
