Width:

8.2500 inches

Thickness:

0.5000 inches

Length:

11.5000 inches

End Application:

W/s m1a2 system enhancement prog 2350-01-328-5964 (eaa cmbt85sep); tank, abrams m-1

Special Features:

The item's surface treatment is to finish 7.3.1 of mil-std-171

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Surface Treatment:

Anodize

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A530d0

Mil-std (military Standard):

Mil-std-171 spec.
