Width:

32.160 inches

Thickness:

0.625 inches

Length:

56.920 inches

Special Features:

Item is uniquely shaped with cutouts and 2 threaded holes, 0.500-13 unc 2b; 4 holes 1.000 in. Min and 1.140 in. Maximum diameter fabricated per drawing

Material:

Titanium alloy

Material Specification:

12462708 cage 19207 assn standard 1st material response or mil-a-46077 military specification single material response

Shape:

Special

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0

Mil-std (military Standard):

Mil-a-46077 spec.
