Width:

32.150 inches

Thickness:

0.625 inches

Length:

73.120 inches

End Application:

Used on m2a3 tank

Special Features:

Item is uniquely shaped with 5 holes 2.500 in. Min and 3.500 in. Maximum dia; fabricated per drawing

Material:

Titanium alloy

Material Specification:

12462708 cage 19207 assn standard 1st material response or mil-a-46077 military specification 1st material response

Shape:

Special

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0

Mil-std (military Standard):

Mil-a-46077 spec.
