Overall Length:

8.700 inches

Overall Width:

1.810 inches

End Application:

Used on nsn 2350014553174

Mounting Facility Quantity:

2

Mounting Method:

Mounting slots and bracket

Mounting Facility Diameter:

12.7 millimeters

Special Features:

Flexible draw latch; easily compensates for misalignment in 3 planes; non-corrosive, non-conductive, iv-resistant materials; built-in drag keeps latch stationary while unlatched; concealed on front mounting options; available in two sizes; material and finish: elastomer, black; keeper and bracket: glass reinforced nylon, black

Color:

Black

Material:

Plastic handle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03100
