Width:

1.620 inches

Thickness:

0.125 inches

Length:

3.120 inches

Aperture Diameter:

1.361 inches

End Application:

4610-01-219-8707

Features Provided:

Aperture

Aperture Shape:

Round

Product Name:

Bracket

Special Features:

Bracket used on cannon plug on raw water pump in 3k rowpu system

Material:

Aluminum alloy 6061

Material Specification:

Ww-t-789, t-6 federal specification single material response

Surface Treatment:

Paint

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0
