Overall Diameter:

1.701 inches

End Application:

Mk16mod0, underwater breathing apparatus (uba)

Design Type:

Threaded

Inside Diameter Length:

0.560 inches

Product Name:

Cap, threaded

Material:

Plastic acetal

Supplementary Features:

Physical design: six equally spaced ribs; impervious to oils, grease, alkalis and other common corrosives

Thread Size And Series/type Designator:

1.500-18 uns

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A539k0
