**Overall Length:**

6.380 inches

**Center To Center Distance Between Mounting Facilities Parallel To Length:**

5.820 inches

**Center To Center Distance Between Mounting Facilities Parallel To Width:**

3.190 inches

**Overall Width:**

3.750 inches

**End Application:**

C-17a aircraft

**Mounting Facility Quantity:**

4

**Mounting Method:**

Unthreaded hole

**Mounting Facility Diameter:**

0.193 inches

**Product Name:**

Handle, lift

**Special Features:**

Handle is spring loaded to return to stowed position

**Material:**

Aluminum alloy handle

**Style Designator:**

Rectangular

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A250a0
