**Fastening Device Type:**

Cross recess head screw

**Special Features:**

1st tube diameter 0.625 in; 2nd tube diameter 0.750 in

**Material:**

Steel band

**Material Specification:**

Ams5510 assn standard single material response band

**Surface Treatment:**

Passivate band

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A12700
