Width:

1.690 inches

Thickness:

0.090 inches

Length:

5.850 inches

Mounting Hole Diameter:

0.128 inches first hole

Mounting Hole Quantity:

6

End Application:

Adapter test; circuit card assembly

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Surface Treatment:

Anodize

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0
