Cross Sectional Shape:

Flat

Width:

10.250 inches

Edge Shape:

Rectangle, no holes

Length:

3.250 inches

Body Thickness:

0.090 inches

Securing Device Type:

Special

Product Name:

Cover plate

Special Features:

2 holes one with diameter 0.812 and another at 0.375; each one inch from edge

Material:

Aluminum alloy 6061

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531c0
