Width:

3.211 inches

Thickness:

0.060 inches

Length:

Between 18.970 inches and 19.030 inches

Mounting Hole Diameter:

0.308 inches all holes and 0.317 inches all holes

Mounting Hole Quantity:

2

Mounting Hole Type:

Unthreaded

End Application:

5420-01-430-5403

Mounting Configuration:

Centers are 8.000" apart, with 1st center 2.465" from end

Special Features:

Wsd is m-1 abrams tank; plate is angled and mounting holes are recessed

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11 federal specification single material response

Surface Treatment:

Anodize

Shape:

Special

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0
