Overall Length:

7.000 inches

Overall Width:

6.000 inches

End Application:

C-130j

Special Features:

Used on adapter headset bracket assembly; consist of 1 bracket, 4 nuts; next higher assembly 3357595; finish f-54-36-36; 0.007 in.

Thickness; heat treat t3

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A042a0
