Overall Height:

25.0 millimeters

Overall Width:

6.0. Millimeters

End Application:

TEST-PR-OGR-AMSE

Product Name:

Nato maintenance and supply agenc (namsa) retainer, uut

Special Features:

Nickel phospho (chemical name kanigen) corrosion resistant finish plating thickness: 10 microns

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
