Cross Sectional Shape:

Flat round rib reinforced

Securing Device Type:

Threaded fastener

End Application:

2350-01-368-9500

Product Name:

Door, left side

Material:

Aluminum alloy 5083

Material Specification:

Mil-a-46027 military specification all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A531n0

Mil-std (military Standard):

Mil-a-46027 spec.
