Mounting Hole Quantity:

6

Mounting Method:

Unthreaded holes

End Application:

2320-01-465-2174

Hinge Mounting Type:

Full surface

Pin Removability:

Removable

Material And Location:

Steel, corrosion resisting body and steel, corrosion resisting pin

Special Features:

width 4.00 inches; length 8.00 inches; pin diameter .25 inches

Supplementary Features:

Wet assembly pin with part number 3253324 prior to staking

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A25100
