Overall Height:

6.300 inches

Overall Width:

4.500 inches

Mounting Hole Type:

Plain

End Application:

C-17a aircraft

Product Name:

Support, actuator, rail, ads

Special Features:

Item has oval mtg hole 0.260 x 0.460 in, in addition to anut plate in 2pl requiring ms20426ad3 rivets, diameter 0.228 to 0.231 in.

Material:

Aluminum alloy 7075

Material Specification:

Qq-a-250/13 t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0
