Overall Length:

2.940 inches

Overall Width:

1.500 inches

End Application:

Sh-2 seasprite helicopter

Design Type:

Straight

Special Features:

Stop-sector (upper tunnel-directional); nha pn k650007; 0.750 inch od; 2 holes 0.190 min 0.197 maximum dia

Material:

Aluminum alloy 6061

Material Specification:

Qq-a-250/11, alloy 6061, t6 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A536n0
