Thread Direction:

Right-hand

Center To Center Distance Between Mounting Facilities Parallel To Length:

4.000 inches

Length:

4.000 inches

End Application:

Test set electronic sys; direct support (dsests)

Mounting Facility Quantity:

2

Mounting Method:

Threaded hole

Mounting Facility Diameter:

0.375 inches

Thready Qty Per Inch (tpi):

24

Thread Size:

0.375 inches

Product Name:

Handle folding 90 deg.

Special Features:

Handle supplied with 2 hex nuts and 2 washers

Material:

Stainless steel

Style Designator:

Rectangular swivel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A250a0
