Overall Width:

12.7 millimeters

End Application:

Chinook hums

Material Diameter:

0.5 millimeters

Center To Center Distance Between Loop And Mounting Hole:

16.6 millimeters

Distance From Loop Center To Tongue End:

22.1 millimeters

Loop Inside Diameter:

6.0 millimeters

Special Features:

Insert unreinforced silicone rubber

Material:

Stainless steel band

Surface Treatment:

Passivate band

Style Designator:

Single loop

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A12700
