Width:

4.000 inches

Thickness:

1.250 inches

Length:

4.000 inches

Mounting Hole Diameter:

0.410 inches all holes

Mounting Hole Quantity:

4

Mounting Hole Type:

Unthreaded

End Application:

Valve, vent; antenna pedestal locking device; la class, ssn

Features Provided:

Raised surface

Raised Surface Length:

0.880 inches

Raised Surface Width:

0.380 inches

Raised Surface Height:

1.830 inches

Special Features:

Mounting plate is 6 sided

Material:

Steel comp 316

Material Specification:

Qq-s-766 federal specification single material response

Shape:

Special

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530d0
