First Leg Length:

2.160 inches

Second Leg Length:

2.830 inches

End Application:

Los angeles class ssn (688)

Second Leg Width:

2.500 inches

First Leg Thickness:

0.375 inches

Second Leg Thickness:

0.375 inches

First Leg Width:

2.500 inches

First Leg Style:

Square

First Leg Angle:

101.0 degrees

Product Name:

Bracket, switch, probe

Special Features:

See dwg for slots/holes arrangement

Material:

Nickel alloy

Material Specification:

Qq-n-281, cla federal specification single material response

Style Designator:

Angle

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A042a0
