**Width:**

1.000 inches

**Thickness:**

0.250 inches

**Length:**

3.376 inches

**Mounting Hole Diameter:**

0.406 inches all holes

**Mounting Hole Quantity:**

2

**Mounting Hole Type:**

Unthreaded

**End Application:**

Los angeles class ssn (688)

**Mounting Configuration:**

On centers, 2.500 inch apart

**Product Name:**

Plate, adjustable mounting, switch

**Material:**

Nickel alloy 400

**Material Specification:**

Qq-n-281, class 1 federal specification single material response

**Shape:**

Rectangular

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A530d0
