Chamfer Length:

0.062 inches

Overall Length:

13.125 inches

End Application:

Fairing cover-escape hatch

Hole Diameter:

0.250 inches

Distance From End To Hole Center:

0.438 inches

Drilled Hole Location:

One end

Chamfer Angle:

45.0 degrees

Overall Diameter:

0.750 inches

Product Name:

Hinge, pin

Material:

Copper alloy 510

Material Specification:

Qq-b-750, comp a federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03100
